

Reservation of Seats for Students of Mysore State in the Professional Colleges in Bombay and Andhra States.

Q.—1330. Sri V. S. PATIL (Belgaum I).—

Will the Government be pleased to state :—

(a) whether any seats have been reserved by the Governments of Bombay and Andhra for the students of the Mysore State in the professional colleges such as Engineering, Medical, Veterinary, etc., in their respective areas ;

(b) whether the Karnatak University has forwarded the applications of candidates to the Governments of Bombay and Andhra ; if so, when and if not, why ;

(c) the number of applications that were received by the Mysore University or the Director of Animal Husbandry and Veterinary Services, Bangalore, for that purpose ;

(d) the number of them that have been forwarded by the said authorities to the Governments of Bombay and Andhra, and when ?

A.—Sri V. VENKATAPPA (Minister for Education).—

(a) Yes.

(b) Applications from qualified candidates for the reserved seats in the Colleges were invited by the respective State Governments and selection of candidates was made by them except in the case of the Veterinary College, Bombay, for which applications were to be addressed to the Director of Veterinary and Animal Husbandry Services in Mysore, who was authorised to scrutinise the applications and select candidates of the Karnatak University. The question of the Karnatak University forwarding the applications did not therefore arise.

(c) Thirty-seven applications were received by the Director of Veterinary and Animal Husbandry Services, Bangalore, for admission to the Veterinary College, Bombay.

(d) In view of the reply to clause (b), the question of forwarding applica-

tions to the Governments of Bombay and Andhra did not arise except in the case of the Bombay Veterinary College for which the Director of Veterinary and Animal Husbandry Services, Bangalore, selected 7 students for the seats reserved for Bombay Karnatak and 7 candidates were placed in the waiting list. The applications of these candidates were forwarded to the Principal, Veterinary College, Bombay on 3rd July 1957. No applications were received by the Director of Veterinary and Animal Husbandry Services, Bangalore, from candidates of the Hyderabad Karnatak area for the Veterinary College in Andhra Pradesh. One application from the former Mysore State was recommended.
